

ShuleHub roles and platform access

Current roles after removing ADMIN and TENANT_ADMIN. SUPER_ADMIN kept. School access follows School.xlsx.

Roles

Role	Lands on	Scope
SUPER_ADMIN	Tenants (multi) or Schools (single-tenant)	Whole platform
HEADMASTER	Dashboard	One organization / school
ACADEMIC_MASTER	Dashboard	One school
ACCOUNTANT	Finance	One school
TEACHER	Teacher home	Assigned classes
PARENT	Parent home	Own children
STUDENT	Student home	Own record

What each role can do

Platform

SUPER_ADMIN

- Create and manage tenants and schools
- Platform config and platform audit
- Switch into a school
- In single-tenant mode, uses Headmaster school screens for the default organization
- Does not do day-to-day school work unless a school is selected

School lead

HEADMASTER

- Schools in the organization (add / switch)
- Students, parents, teachers, officers — create and manage
- Academics (classes, subjects) — manage
- Timetable — view only
- Attendance — view; manage teacher attendance
- Exams — approve / publish; grades and report cards — view / approve
- Fees and invoices — view (cannot generate invoices or record payments)
- Notices (school-wide), messages, SMS to parents, branding, school audit

Teaching operations

ACADEMIC_MASTER

- Students, parents, teachers, officers — manage
- Academics — manage
- Timetable — the only role that can edit it
- Attendance — view and enter
- Exams — manage; grades — enter / verify; report cards — prepare
- Fees — view only (no payments or invoice write)
- Academic notices, messages to teachers, SMS to parents, limited audit
- Cannot manage branding or organization schools

Finance

ACCOUNTANT

- Student directory — limited (billing)
- Fees, invoices, payments — create, generate, record
- Financial reports / finance audit
- Finance notices and finance-related messages
- Cannot register students, manage teachers, edit timetable, or enter attendance / marks

Assigned work

TEACHER

- Students — assigned classes
- Timetable (view), attendance (enter), exams / grades (enter marks)
- Assignments / assessments (class)
- Report cards — view / prepare
- Notices (class), messages to parents
- Cannot register students, manage teachers, edit timetable, or see fees

Family / learner

PARENT and STUDENT

- **Parent:** view own children — classes, subjects, timetable, attendance, exams, results, report cards
- **Parent:** view fees and pay their account; receive notices; message the school
- **Parent:** cannot manage staff, academics, or school finance
- **Student:** own home, timetable, attendance, notices, own finance / report card
- **Student:** cannot manage anything

Module matrix

* SUPER_ADMIN only after selecting a school, or in single-tenant mode where the UI treats them as Headmaster.

Module	SUPER_ADMIN	Headmaster	Academic Master	Teacher	Accountant	Parent	Student
